

From: Schmittdiel, Paula
Location: Yellowstone Rm 4th Floor
Importance: Normal
Subject: FW: Upper Animas Data Management - Viewer application
Start Date/Time: Tue 2/10/2015 9:00:00 PM
End Date/Time: Tue 2/10/2015 10:00:00 PM

Not sure your presence is necessary but I thought I'd let you know - I think it might be that this tool will b/c useful in presenting information to the community. I know it will be helpful to BLM and EPA in evaluating the most critical sources of contamination that should be addressed. Its in the 1st stages of development so there will be another time to get "informed" on this.
